Challenge and Champion Team Building Course

Teams will tackle all the following leadership development exercises;

1. Reverse Steer RTV Snooker

Drive a four-seater Kubota RTV through a series of coloured gates aiming to get the highest break. The problem is that when you steer left, the machine turns right, and once you get half-way round the driver is blindfolded. Then it's up to your team members to navigate - a great way to test your communication and co-ordination skills!

2. Off Road Kart Challenge

A team endurance event with members learning pit crew drills. The team must decide on tactics to cover 24 laps as quickly as possible with all team members learning to drive these machines around the twists and turns of our off road circuit

3. Empire Crate Building

The aim is to build the tallest tower using just two parallel stacks of crates whilst one of you is standing on top! It is a superb trust and confidence building exercise. The climber is of course wearing a climbing harness, and is safely connected to a top rope. The remainder of the team is all needed to pass crates, and offer advice and encouragement.

This course is suitable for groups of 6 to 48 people

Duration: 3 hours

When: Weekends and Weekdays

Cost: ELS Pay £95.00 - **You Pay £0.00**

Lead & Succeed Team Building Course

Teams will tackle all the following leadership development exercises;

1. Unexploded Bomb (UXB)

Retrieve a large unexploded bomb from a crater using ropes and pulleys, then decipher the code to defuse it before the countdown timer reaches zero. This task has both practical and mental elements. Examining how the team splits the workload is always interesting.

2. Electric Fence

A box of vital supplies must be recovered from a secure compound protected by a high voltage electric fence and minefield. A practical and problem solving task involving the whole team, requiring leadership and communication.

3. Nuclear Hazard

Toxic waste is leaking from a barrel, and the contents must be transferred to a safe container using ropes and poles. A physical task with only one complex solution! A team challenge that requires effective leadership for successful completion.

This course is suitable for groups of 6 to 48 people
Duration: 3 hours **When:** Weekends and Weekdays
Cost: ELS Pay £63.00 - **You Pay £0.00**

Full Day - This Course is suitable for groups of 6 to 100 people

Woodland Trail Lesson

Learn the basics of off road driving. The session will start on our 4x4 training course to ensure the essential techniques are understood and practiced. The lesson will then progress to a real off road environment where the techniques will be put to the test. An experienced instructor will be with the group throughout to ensure everyone is safe and comfortable. To do this course driving experience is useful, but not essential - all participants must be able to comfortably reach the pedals.

This lesson is suitable for up to 4 people

Duration: 1 hour **When:** Weekends and Weekdays

Cost: ELS Pay £200.00 per vehicle - **You Pay £0.00**

4x4 Taster Lesson

You will learn how to drive off road. Up to 4 drivers can be taught at any one time. The training Land Rovers can accommodate the driver, the instructor (in the passenger seat) and up to three passengers on the back seats - the driving time is divided down between all the group members. The training area incorporates mud, hill climbs, descents and challenging rough ground. The instructor will provide tuition throughout and the drivers will take it in turns to be both driver and passenger. As long as you can comfortably reach the pedals you can take part. No driving ability is required so non-drivers and those without a driving license are more than welcome.

This lesson is suitable for 4 to 8 people

Duration: 1 hour **When:** Weekends and Weekdays

Cost: ELS Pay £160.00 per vehicle - **You Pay £0.00**

4x4 Safari Team Work Lesson

The objective is to get your vehicle (up to 4 people per Land Rover) to as many 'Checkpoints' as possible. Some checkpoints are easy to reach whilst others will require truly epic degrees of effort, planning and resourcefulness. Muddy, physical and a real test of teamwork!

This lesson is suitable for 4 to 24 people

Duration: Half Day or Full Day

When: Weekends and Weekdays

Cost: Half Day ELS Pay £600.00 per vehicle - **You Pay £0.00**

Full Day ELS Pay £800.00 per vehicle - **You Pay £0.00**

Clay Shooting - Suitable for individuals or groups

Wedgnock has operated as a shooting range for over 100 years and is one of the Midlands' largest and best attended clay pigeon shooting grounds. Our reputation is built on providing the clay shooter with a high quality shooting experience regardless of ability.

50 Shot Clay Shoot

Suitable for individuals and groups who would like to have a really good go at clay shooting. A CPSA qualified instructor will teach the shooter to shoot a series of challenging targets including Driven, Rabbits, Teal, Going Away and Crossers. We will issue all of the equipment including shotgun, cartridges, clay targets, hearing and eye protection.

Archery

Full tuition will be given on the art of using a recurve longbow (a normal bow and arrow) at our 100 acre activity centre in Warwick. Learn how to hold a bow, aim and shoot at a full size archery target using aluminium shafted arrows.

A series of practice arrows will allow the basics to be mastered before the session moves on to a competition round (usually 9 arrows per person). Throughout the duration of the lesson most participants will see a real improvement in their accuracy and ability. Most people begin with no experience and can only just get an arrow on target – by the end of the session some impressive scores can be achieved.
